

We offer high performance, durable and strong storage solutions that ensure good utility value and optimizes space usage.

BLUE STAR STORAGE SOLUTION

MULTI RANGE OF STORAGE

INTRODUCTION

BRIEF

BLUE STAR STORAGE SOLUTION

We introduce ourselves as one of the leading manufacturers of "STORAGE SYSTEMS, PALLETS & COMPACTORS (mobile shelving systems) and RACKS SUPPORTED WAREHOUSE". We have Heavy & Light Duty Racking System made out of our cold roll formed section, which can take a uniformly distributed maximum load up to 5750 Kgs per shelf by use of modern material handling equipments like fork lifts etc. This system does not call for any welding at site. even then one is free to change the loading levels upwards or downwards in multiple of 50mm. we plan the system as per the customer need and space available. Our racks and compactor system are widely used for different material handling application generated at all levels in different industries and sectors be it Automobile, Pharmaceutical, Engineering, Hospitality & Catering, Logistics, Super markets, Electronics, Retails, Food and Beverages, Agriculture & Seefood etc.

OBJECTIVE

"To Become A Leader In Storage Solution"

PRODUCTS

- Slotted Angle Rack
- Heavy Duty Rack
- Pallet Rack
- Double Deep Racking System
- Mobile Compactors
- Two Tier Racking
- Mezzanine Floors
- Cantilever Racks
- Drive-in-Racks
- Lockers
- M.S. Pallet
- Wire Mesh Pallet
- Trolleys
- Material Handling Equipments

SERVICES

- Consultancy
- Designing
- Installation
- After Sales Service

Our Satisfied Customer's.....

Height(mm)	Width(mm)	Depth(mm)	Load(Kgs.)
2000	900	300	100
2000	900	450	100
2000	1200	450	150
2000	1200	450	250

- Blue Star Two tier/Three tier Storage system is a unique way to create space within space produce by using section of angle, panel and combination.
- Prime quality CR/HR sheets.
- 7 tank pretreatment process.
- Liquid paint/powder coating.
- Oven baked.
- Scratch resistant smooth finish.
- Easy to expand
- Ideal for Engineering store, Finish goods store, Raw material store, document store etc.

Users

- Educational Institute
- Industries
- Logistic Companies
- Warehousing
- Hospitals
- Library
- Others

Components : 1. Upright 2. Foot Plate 3. Riveted Beam
4. MDF Panel/Steel Shelves

Heavy Duty Rack

The roll forming technology enabled various profile help us to offer any length and height as well cost effective solutions. All our products are available in powder coated finish. Which is baked by superb Pretreatment process to ensure the long lasting surface. our system have been found useful to almost any kind of industries, To name a few sectors such as Pharmaceuticals, Chemicals, Engineering, Textile, Food Processing, and Electronic industries. in all departments such as Raw material store, finished goods store, packing material store, Engineering store.

Users

- Industries
- Educational Institute
- Automotive Components
- Pharma Industries
- Warehousing
- Supermarkets
- Logistic Copanies
- Others

Double Deep Racking

Feature

- Pallets Can be stored two deep whilst retaining accessibility
- Reduced number of access aisles
- Ideal For large material
- Reduced Number of access aisles means additional racking can be accommodated.
- storage density is increased

components

1. Upright
2. Bracing
3. Beams
4. Foot plate
5. Channel
6. Pallet

Users

- Industries
- Warehousing
- Pharma Industries
- Logistic Companies
- Others

Features

- Can be tailor-made according to customized requirements.
- Built for safe and sturdy supports of palletized loads.
- Easy placing and removing items using industrial trucks.
- Configuration of main and add-on modules as per space availability.
- Long term planning security thanks to standard frames.
- High strengthened closed steel panel with welded support bars.
- Can be supplied with various decking panels.
- Hi-gloss powder coat finish for excellent visibility.
- Heavy Duty steel in all uprights and beams supplied.
- More storage capacity on less floor space.
- Height of beam can be adjusted in increments of 50 mm
- Wide array of beam and upright selections enable to choose the most effective solution for any load size.

Multi Tier Shelving

Multi tier shelving are designed to be used as economical shelving, racking, workbench, cart, ladder, table or any other type of structure to your own specifications. Multi tier shelving can be adopted to double or treble your storage space, Complete with catwalks and stair cases and railings.

Features

- Economical
- Interchangeability of parts.
- Easy and do-it-Assembly
- Provides clear access from all sides
- Varieties of decking shelves
- Finished in attractive colours
- Powder Coated
- Uprights with adjustable steel shelves
- No welding or drilling required
- Multi tier storage

Mezzanine Floors (Multi Tier)

Features

- A Stable new floor to hold additional storage
- Can be designed to offer the greatest clear space on the ground for additional activities / storage
- Enables you to maximise the usable height within your warehouse
- Reduces cost of construction by allowing efficient use of space
- No extra costs for heat, lights, or air conditioning
- Can be easily enlarged, modified or moved
- Two tier wide space racks
- Gives additional space without adding ratable value to your property.

Components

1. Column
2. Primary Beams
3. Secondary Beams
4. Flooring Panels
5. Railling
6. Staircase

Users

- Industries
- Warehousing
- Pharma Industries
- Logistic Copanies
- Others

Cantilever Racks

Components

1. Column
2. Connecting Beams
3. Cantilever Arms
4. End Stopper
5. Bracing
6. Base Arms

Cantilever Racking is Specially designed to store long or varying length items. such as metal beams, pipes, moulding, wooden boards, metal and plastic sheets among other materials. The system basically consists of columns with a vertical beam and one or two horizontal beams at the base to provide stability. A series of arms is attached on which the load is placed. load may be handled manually when they are lightweight or by using lift-trucks or other appropriate lifting systems when heavy items are involved.

Drive-in -Racks

Features

- A High density space efficient bulk storage system.
- Can increase storage capacity by up to 60% over wide aisle racking.
- Works on a first pallet in, last pallet out system.
- Pallets stored on cantilevered rails.
- No specialist handling equipment required.
- Good for storing seasonal ranges.

Components

1. Upright
2. Top Bracings
3. Bracket
4. Drive-in-fall
5. Pallet

Lockers

Blue star lockers have multiple lockers which makes the storing of products easier & safe. Blue star lockers are powder coated, provided with individual locks and are available in different sizes and dimensions as per customer's requirement. Blue star lockers have ventilating louvers and built-in locks. These lockers are most suitable for workers, company staff, students, club members etc.

Features

- Economical
- Individual locking system
- Louvers are available for ventilation
- Powder coated
- Suitable for Workers, Company staff, students, club members

Users

- Clubs & Gym
- Educational Institutes
- Logistic Companies
- Offices
- Water Park
- Hospitals
- Industries
- Library
- Warehousing
- Others

M.S. Pallets

Features

- Customised Dimensions
- Customised Load Capacity
- Minimum Fabrication
- Smooth edges
- Vast Range

Used for

- Storage of material at fixed place
- In house movements of material
- Efficient storage capacity

Users

- Industries
- Warehousing
- Pharma Industries
- Logistic Companies
- Automobile Industries
- Others

Wire Mess Pallet

Features

- Stackable
- Customised Dimensions
- Customised Load Capacity
- Minimum Fabrication
- Smooth Edges
- Vast Range

Users

- Hospitals
- Industries
- Warehousing
- Pharma Industries
- Logistic Companies
- Automobile Industries
- Others

Used for

- Storage of material at a fixed place
- In house movements of material
- Transportation of material
- Efficient storage capacity

Mobile Compactors

Features and Options

- Anti Tilt
- Central Locking
- Safe Lock
- Accidental Movement is prevented through an aisle lock
- Sound Buffer Button
- Pre-coated/Powder Epoxy Coating
- Adjustable Shelves (35mm intervals)
- Easy Retrieval & Reference
- Space Saving
- Customised Design-In case of large requirements
- Heavy Duty & durable tracks
- Cost Effective
- Manual System & Mechanical System both are provided

Used for

- Filing • Light Weight Multiple Storage
- Storage of Expensive items

Users

- Hospitals • Industries • Warehousing • Pharma Industries
- Logistic Companies • Educational Institute • Offices
- Library • Others

Components

- Selves • Manual Crank wheel • Base wheels • Guide Rail
- Side Cladding • Top Cladding

HPT-01

- ▶ **Hydraulic Hand Pallet Truck**
- ▶ Capacity : 2.5/3.5/5 ton
- ▶ Size : 1150x550 / 1220x685 mm
- ▶ Lifting Height : 200 mm

HPT-02

- ▶ **Indian Made Pallet Truck**
- ▶ Capacity : 2.5/3.5/5 ton
- ▶ Size : As Per Customer Requirement
- ▶ Lifting Height : 200 mm

HPT-03

- ▶ **Weighing Scale Pallet Truck**
- ▶ Capacity : 2/2.5 ton
- ▶ Indoor Use Only

HPT-05

- ▶ **High Lift Pallet Truck**
- ▶ Capacity : 800/1000 kg
- ▶ Lifting Height : 800/1000 mm

HPT-07

- ▶ **Battery Operated Pallet Truck**
- ▶ Capacity : 2200 kg
- ▶ Lifting Height : 200 mm

STK-01

- ▶ **Manual Stacker**
- ▶ Capacity : 500/1000/1500 kg
- ▶ Lifting Height: 1.6/2 mtr

STK-03

- ▶ **Battery Operated Stacker**
- ▶ Capacity : 500/1000/1500 kg
- ▶ Lifting Height: 1.6 to 4.5.mtr

STK-04

- ▶ **Electric Operated Stacker**
- ▶ Capacity : 500/1000/1500 kg
- ▶ Lifting Height: 1.6 to 4.5.mtr

S-LFT-01

- ▶ **Manual Movable Scissor Lift Table [Die Loader]**
- ▶ Capacity : 300/500/800 kg
- ▶ Lifting Height: 1/1.3/1.5 mtr

S-LFT-02

- ▶ **Heavy Duty Manual Movable Scissor Lift Table [Die Loader]**
- ▶ Capacity : 500 to 1500 kg
- ▶ Lifting Height: As Per Customer Requirement

S-LFT-03

- ▶ **Roller Platform Scissor Lift Table [Die Loader]**
- ▶ Capacity : 500 to 1500 kg
- ▶ Lifting Height: As Per Customer Requirement

S-LFT-04

- ▶ **Cage type Pit Mounted Scissor Lift**
- ▶ Capacity : 500 to 5000 kg
- ▶ Lifting Height: As Per Customer Requirement

S-LFT-05

- ▶ **Pit Mounted Scissor Lift**
- ▶ Capacity : 500 kg to 5 ton
- ▶ Lifting Height: As Per Customer Requirement

S-LFT-06

- ▶ **Pit Mounted Scissor Lift with Flap**
- ▶ Capacity : 1 ton to 10 ton
- ▶ Lifting Height: As Per Customer Requirement

S-LFT-07

- ▶ **Pit Mounted Scissor Lift Table**
- ▶ Capacity : 500 kg to 10 ton
- ▶ Lifting Height: 1 to 5 mtr
